CHICAGO WOMAN ESCAPES DEATH BY SUFFOCATION

Scantly Clad Residents of Chicago Flee To Streets

Chicago, Jan. 18.—A young woman narrowly escaped death by suffocation and four families were driven into zero weather scantily clad in two fires early today.

Miss Dorothy Huson was overcome by smoke early today and was carried from her home by firemen. Another fire forced four families to flee to the street in their night clothes.

The Chicago fire department reported 125 alarms in 24 hours.

PASSAGE OF REED RESOLUTION OPENS INVESTIGATION SEA

Washington, Jan. 18.—A sea of investigation so wide and so deep that its dimensions cannot be fully measured, has been opened up by the passage of the Reed resolution, authorizing investigation of all sorts of "propaganda" in Washington, members of Congress admitted today.

There are virtually no limits to how far the investigating committee may go in its search for the underground methods by which Congress can be "influenced" for and against legislation.

The investigation is aimed primarily at the "propaganda" in favor of the Bok peace plan, the "propaganda" in favor of the Mellon tax program, and propaganda being exerted against the soldiers bonus. But the resolution under which the investigation of these activities is to be made is so drawn that any or all of the two hundred odd organizations that maintain "bureaus" in Washington to influence legislation, may be drawn within the scope of the inquiry.

Just how far the investigation will go, had not been determined today, but there was evident today considerable uneasiness on the part of many representatives of industries who maintain themselves here and mix in the official and social whirl of Washington.

The committee, headed by Senator Moses, Republican, of New Hampshire, and including Senators Reed, Democrat, of Missouri; Shipstead, Farmer-Labor, of Minnesota; Green, Republican, of Vermont, and Caraway, Democrat, of Arkansas, will use the Bok peace plan as a starter.

ASQUITH DOES NOT FEAR LABOR PARTY

London, Jan. 18.—Former Premier H. H. Asquith pronounced the doom of the Baldwin administration. From his place in the opposition benches the former Liberal leader declared: "It is impossible for a member of the Liberal party to withhold his support from the Labor party's amendment to the king's address."

The Asquith announcement was greeted with tremendous cheering from the Liberal and Labor benches, reminding the last vestige of doubt that the Baldwin government will be overthrown in Monday's vote on the debate. Asquith continued: "I decline to believe that the sun will set on the power and prosperity of Britain the day that Ramsay MacDonald takes office. Labor, like other parties, will be limited by parliamentary conditions which the election created."

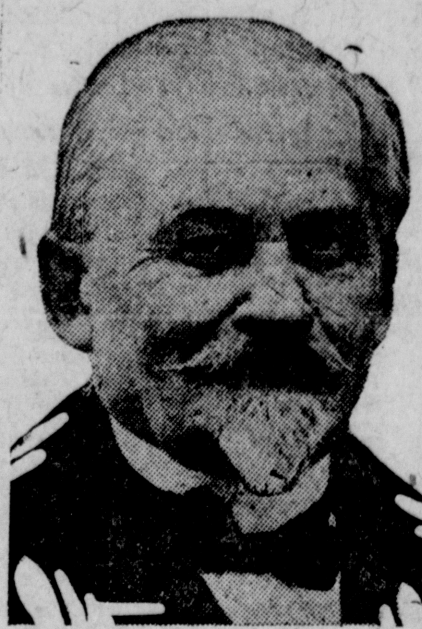

TO MAKE ATTEMPT TO RESCUE CREW

Mackinaw City, Mich., Jan. 18.—A new attempt was to be made today to rescue a crew of thirty men aboard the ferry Chief Wawatam, frozen in the straits some miles off this port, with provisions for only three days.

Attempts to reach the stranded vessel failed when a blizzard drove the rescue parties back. A hull in the storm developed toward midnight last night and plans were made to resume the effort to reach the men.

There is no mail nor railroad communication between the upper and lower peninsula, and Mackinaw and St. Ignace are housing crowds of travelers held up from reaching their destination.

OFFERS NEW TAX REDUCTION PLAN TO U. S. CONGRESS

Washington, Jan. 18.—Another new taxation reduction plan, proposing more drastic slashes than any previous measure, was brought out for congressional approval today.

Senator King, Democrat, of Utah, author, in making public a brief summary of the bill, announced that he would introduce it early next week. The bill is designated to provide an equitable and balanced reduction of taxes upon all classes of people, King said, the rich and poor alike and is not intended as a play for political advantage, but rather to remove, along sound economic lines, the tax burden from the public.

King would reduce taxes by approximately \$390,000,000 or \$67,000,000 more than the net cut proposed by Secretary Mellon. The largest slash would fall within the class whose yearly income is less than \$5,000.

As the underlying medium for reducing taxes, King proposed that a \$150,000 extra exemption be allowed on all incomes.

The measure would reduce the normal rate on incomes above \$5,000 a year from eight to five per cent. Mellon's plan cuts the tax on these incomes to six per cent. Such a reduction, King figured would amount to \$40,000,000.

CHOICE OF BRYAN SCORES EVOLUTION

Gainesville, Fla., Jan. 18.—Evolution of man—what William Jennings Bryan scornfully terms "that monkey business"—as a potent issue in a presidential campaign!

This loomed as a bare possibility today when Dr. A. A. Murphree, Bryan's selection for president, bitterly denounced in an interview with International News Service the teaching of evolution in schools, colleges and universities over the United States.

Dr. Murphree is president of the University of Florida.

"I absolutely refuse to believe that I sprang from a monkey," he declared bluntly, "and evolution is far too dangerous a subject to teach young college students while their minds are in that plastic stage. They might be greatly influenced by this hypothesis, thereby having their faith in the eternal truth of the divine creation shaken."

On other questions Dr. Murphree was found to be of practically the same opinion as Colonel Bryan.

BOK PEACE PLAN WILL BE PROBED

Washington, Jan. 18.—Investigation of the Bok peace plan will start Monday before a select committee of the senate. Edward W. Bok, who offered the \$100,000 award, and Miss Esther Everett Lape, commissioner in charge of the Bok plan, will be the first witnesses. Senator Reed is author of the resolution. The committee to conduct the inquiry is composed of Senators Moses, New Hampshire, and Green, Vermont, Republicans; Reed, Missouri, and Caraway, Arkansas, Democrats, and Shipstead, Minnesota, Farmer-Labor, Moose is chairman.

The Reed resolution is directed not only at European propaganda but also at the organized drive of alleged war profiteers against the soldier bonus and of propaganda in favor of tax revision, which the Missouri senator claims is inspired by big business.

FORMER IDAHO PROBATE JUDGE SENT TO DEATH

Omer R. Wood Pays Supreme Penalty For Murder

Salt Lake City, Utah, Jan. 18.—Omer R. Wood today met death by a firing squad in the courtyard of the state penitentiary.

The former Idaho probate judge denied his last hope for stay of sentence by the Supreme Court's refusal to intervene, went to the death he chose in performance to hanging for the murder of his wife, Marietta, two years ago.

Wood was convicted of one of the most revolting crimes in the history of homicide in the West.

Born 43 years ago, of good family near Knoxville, Tenn., Woods earned the money for his education as a lawyer by "picking up" about 1900 he met Marietta Wood, daughter of a farmer near Knoxville. There was a romance, according to the story developed at his trial.

Then Wood left. Later, upon graduation from law school, he went to Idaho, rose to be probate judge at Idaho City and then about eight years ago, he returned to Knoxville, married Marietta Wood and acknowledged her 15-year-old daughter as his child.

Woods was appointed to internal revenue service, auditing department. He resided in Washington and then came to Utah. He brought his wife and daughter, Lee Lee Woods, who entered the University of Utah.

The afternoon of January 9, 1922, Woods staggered from his burning apartment to tell excited neighbors of a bandit attack in which he had been knocked out and bound and gagged.

Firemen found the body of Mrs. Woods charring on a pyre of benzine-soaked bedclothes in a rear bedroom. Surgical examination revealed that her jawbone had been shattered by a blow, she had been strangled and the body set fire. Woods was held.

It developed he had purchased that day an unusual quantity of benzine and that shortly before, he had taken out a policy on his wife's life in favor of himself, carrying additional indemnity in case of death in a burning building. He was charged with first degree murder and convicted.

Desperate attempts to save him failed. Insanity was pleaded. Congressmen Addison T. Smith and Burton L. French of Idaho were interested in Governor Mahie. Woods produced affidavits charging another with the crime.

FALL PASSES LIE TO CARAWAY IN DENYING CHARGE

Washington, Jan. 18.—Albert B. Fall, former secretary of the interior passed the lie today to Senator T. H. Caraway, Democrat of Arkansas, who openly charged on the senate floor Wednesday that there had been corruption in Fall's leasing the Teapot Dome oil reserve to Sinclair interest.

From New Orleans, where he is said to be ill, the ex-secretary telegraphed the following denial of Caraway's charges to International News Service:

"Senator Caraway's charges of corruption in connection with the oil lease are absolutely false. Whenever Caraway opens his mouth in the Senate, he has first taken an oath which gives him constitutional immunity."

"Not one word of testimony taken by the Senate investigating committee will sustain or afford any foundation for the charge that I ever received one cent as consideration for any lease or for any other official action."

LABOR OPPOSED TO BREAK WITH FRANCE

London, Jan. 18.—Great Britain will continue friendly relations with France, if labor comes into power, J. H. Thomas, one of the leading members of the Labor party, announced in the House of Commons this afternoon. Thomas spoke with authority, having been a member of the group of Laborite leaders who have been discussing questions of policy if Ramsay MacDonald is made premier in succession to Stanley Baldwin.

"We have been asked how we are going to deal with France," said Thomas. "We do not desire a break with France nor do we desire any talk of war with France."

TRACK WALKER KILLED

Springfield, O., Jan. 18.—A man, believed to be Thomas Dillon, 60, was struck and killed by a Big Four freight train here. Dillon was walking along the tracks.

COMPROMISE IN HOUSE RULES IS END OF FIGHT

Insurgents and Democrats Force Issue Over Regulars

Washington, Jan. 18.—The bitter fight over House rules ended today with a compromise forced by a coalition of Insurgents and Democrats over the regular Republicans.

With the signature of 150 of the 435 members any bill can be voted up or down in the House and any committee in charge of a bill can be forced to act on it in 37 days or have it taken away and brought to the floor for debate and vote.

Washington, Jan. 18.—Regular Republicans in the house, fighting with their backs to the wall against the insurgent-Democratic coalition's effort to snatch away their last vestige of control by changing the rules of procedure, succeeded in winning a draw decision.

The issue came on the rules committee's recommendation of a method of forcing action by the house on legislation buried in a committee. The rules committee's plan proposed that a petition would automatically bring a vote to call a bill out of committee if it should be signed by 150 members of the house.

The regulars fought for four days to fix the required number of signatures at 28, or a majority of the membership of the house. The insurgent-Democratic coalition demanded that only 140 members should have to sign the petition.

The house first voted down the 218, or majority motion, 185 to 206, and then instantly turned around and floundered on the amendment for 190 signatures, 163 to 225, two votes present.

The result of this action is to leave the 150 figure standing, unless there should be a further move to change it when the final details of the rules liberalization resolution come up. Such an effort is not expected. The regulars were enabled to stave off a complete rout through the aid of conservative members, who bolted their own party leaders and refused to stick by the coalition. Forty-five of the minority representatives voted against the amendment for 100 signatures and 27 lined up with the regular Republicans on the 218 motion.

Forty Republicans left their party benches on the 218 proposal, but on the 100 signatures even the insurgents split, only 17 Republicans voting for this amendment. Mrs. Mae E. Nolan of California, the only woman in the present congress, voted with the insurgents on both ballots.

Leaders on all sides professed to be satisfied with the outcome of the battle. The insurgent Republicans, who forced the liberalization of the rules by blocking the election of a speaker and organization of the house, asserted by the 150 requirement they had won a victory. The Democratic leaders joined in the attitude that the discharge rule with that feature would enable the coalition, which has a working majority over the regular Republicans, to force action on all measures the coalition favors, in spite of the conservative majorities on all committees.

RAILROAD FIGHTS TIME CHANGE MOVE

Washington, Jan. 18.—The New York, Chicago and St. Louis Railroad asked the Interstate Commerce Commission today to discontinue the petition of the city of Columbus, Ohio, that it be placed in the eastern standard time zone, thus compelling railroads operating through Columbus to use Eastern time.

The railroad said the suggested change would move the present boundary line from Bellevue, Ohio, the road's freight and passenger division point to Fostoria, Ohio, 32 miles west, "resulting in serious inconvenience in the operation of its trains and also resulting in minimizing the present degree of safety in the operation of its trains, creating a perilous situation to both persons and property."

BAKER DENIES HE WANTS PRESIDENCY

Cleveland, O., Jan. 18.—"Nothing is further from my thoughts than being a candidate for President," Newton D. Baker, secretary of war in the cabinet of President Wilson told in International News Service today, commenting upon a report which had gained circulation that he was contemplating becoming a candidate for the Democratic nomination for President.

The report came as a surprise to friends of Mr. Baker, the former war secretary having often expressed his desire to remain in private life.

TO INSPECT PANT FOR GOVERNMENT

Washington, Jan. 18.—Representatives of department stores of New York, Chicago and St. Paul, summoned to Washington by Secretary of Commerce Hoover to advise him how to sell government sealskins without further losses under the secret contract with the fur trust, departed for St. Louis. There they are to inspect the warehouse and dyeing and dressing plant of the Foulke Fur company, holder of the secret contract. Fifty thousand Przhof Island sealskins are stored there, because the government is unable to dispose of them at a profit.

GOVERNMENT ACTS TO PREVENT THREATENED COAL STRIKE NOW

Washington, Jan. 18.—With the approval of President Coolidge and armed with a bundle of facts bearing on the coal industry, Secretary of Labor Davis will address the annual meeting of the United Mine Workers at Indianapolis on January 31. It was learned today.

President rumors that on April 1, when the present agreement between bituminous operators and miners expires, the country will be confronted with another gigantic coal strike, has prompted the administration to step in and advise the mine workers to go slow in making extravagant demands upon the operators in the way of an increased wage scale.

Secretary Davis is expected to point out to the miners that the bituminous mines of the country are greatly overmanned; many mines are either shut down or are working only part time, and that a strike eventually from a failure to agree on a new wage scale because of the extravagant demands might be followed by drastic measures by federal authorities.

The wage controversy will come out into the open in February when the policy committees of the operators and miners in the bituminous fields meet in Jacksonville, Fla. to negotiate a new agreement to replace the one expiring April 1. The miners' Indianapolis convention is expected to instruct its policy committee to make certain demands on the operators and the Davis speech may influence the miners in the formulation of their demands.

MINISTER ACCUSED BY HUSBAND WHO ASKS FOR DIVORCE

Chicago, Jan. 18.—Plans for a new investigation by a church committee into the relations of the Rev. Dr. Carl D. Case, pastor of the fashionable First Baptist Church of Oak Park, and Mrs. Albert R. Leland, ardent worker in his flock, were under way today.

They were stimulated when Leland named the pastor in a divorce suit brought against his wife and introduced a 14-page "confession" which Superior Judge Foell read, then suppressed, after indicating that he would grant the divorce and give the husband custody of the three children.

Leland's charge that his wife was infatuated with the minister, had admitted that she loved him and confessed to receiving ardent attentions from him, was supported by the testimony of his aged father, the Rev. H. C. Leland, of DeWitt, Iowa.

DENY PHILLIPS TO SUCCEED CHILD

Washington, Jan. 18.—Official denial was made today at the State Department of reports from Rome to the effect that William Phillips, under secretary of state, will be the next American ambassador to Italy, succeeding Richard Washburn Child, resigned.

Phillips own comment was: "Nothing to it."

The under secretary is known in the service as a "career man" and formerly was minister to Holland.

PLEA TO ALLOW OBREGON FORCES THROUGH DENIED

Governor Says Move Would Embroider Border In Warfare

Austin, Texas, Jan. 18.—Acting Governor T. W. Davidson of Texas today refused the request of President Obregon to move Mexican troops through Texas.

Davidson declared that such a move would embroider the Texas Rio Grande border in the Mexican revolution.

In connection with his refusal, Davidson said: "There are over 400 miles of sparsely settled Mexican border country in this state. The United States government has not in its army area here sufficient troops to prevent the carrying on of a guerrilla warfare. Acting on this same theory, other governors before me have refused similar requests."

"However, if the United States government believe the situation to be extremely imperative and will take the responsibility of protecting the border, I may yield."

"The matter of primary consideration, however is to protect our citizens along the frontier and not permit them to be drawn into any conflict. If I can be guaranteed this, as I said before, I might yield my position."

Washington, Jan. 18.—With Mexican revolutionists in control of Vera Cruz and blockading and bombarding Tampico, the oil capital of the east coast the belief prevailed among administration officials today that a crisis is impending in the struggle between the Obregon government and the rebels.

A decisive battle will have to be fought soon, it was said today by observers here. Military observers expressed the opinion it would come in the vicinity of Vera Cruz, toward which city President Obregon is now marching a federal force of ten thousand troops, well equipped.

The American government's support of the Obregon government will be further manifested in a few days by order from Washington permitting Mexican federalists to pass from Naco, Arizona to Texas, using American railroads for the journey. Only the consent of the governor of Texas today delayed the issuance of the order. The governors of Arizona and New Mexico have already telegraphed the State Department their consent to the passage of Mexican troops through their states.

President Obregon is being urged by the American government to make all possible speed in forcing the issue with the revolutionists.

Bombardment of Tampico, where there are millions of dollars in American investments and hundreds of American residents, is regarded seriously by officials here.

The despatch of American naval vessels to the oil metropolis, ostensibly to "protect American lives and property," but actually to keep the port open and shipping on the move, is under consideration.

The rebels have only two old gunboats, the Tampico and the Saragoza, according to information here.

San Antonio, Texas, Jan. 18.—Reuben Vizarra, president of the Mexican Chamber of Deputies and representative of the Huerta revolutionists here, and Toribio Villaseor, ex-governor of the state of Guanajuato, were arrested here today by Department of Justice officers, charged with violation of neutrality laws.

Both were to be arraigned this afternoon for preliminary hearing. According to Department of Justice officials, charges against Vizarra and Villaseor, are attempts to put an army expedition against the Mexican border near Eagle Pass. Three men were arrested at Eagle Pass Wednesday by U. S. agents in connection with the case.

Washington, Jan. 18.—Part of the crew of the cruiser Tacoma, stranded for two days on Blanquilla reef in the Gulf of Mexico, has been landed at Vera Cruz, according to a dispatch to the Navy Department today.

The rest of the crew is expected to remain on the ship. The cruiser Richmond is due to arrive off Vera Cruz tomorrow morning to assist the Tacoma off the rocks.

DIRT FARMER TO BE PLACED ON BOARD

Washington, Jan. 18.—A "dirty" farmer will sit on the United States Shipping Board as representative of the interior states.

President Coolidge, it was learned authoritatively today, has decided to appoint J. R. Howard, of Iowa, long prominent in agricultural movements, as a member of the shipping board, succeeding Edward P. Farley, of Chicago, whom the senate commerce committee found to be geographically ineligible.

Although the shipping board job pays \$12,000 and generally is considered a choice patronage plum, almost no opposition has developed to Howard's candidacy. His name was placed before the president by Senator Willis of Ohio, and since has been endorsed by many congressmen from the central states as well as virtually all of the farm organizations in that section.

SCHOOL BOARD IS ENVOIOUS OF FUNDS OF ILLINOIS CITY

"What is the fare to Freeport, Illinois," inquires H. S. LeSourd, president, Xenia City Board of Education. While the Xenia Board is juggling figures and struggling with decimals in the unequal effort to stretch a minimum of funds over a maximum of service, out in Freeport they are boasting of a balance that would run the Xenia school two years.

H. C. Roeka, a member of the Board of Education of the Illinois City, and a friend of President LeSourd, has sent him a copy of the financial report from July 1, 1922 to July 1, 1923. After all and elaborate expenditures had been made, the board still had only \$123,890 on which to face the new year and keep the wolf from the ice-box.

The reports shows the Freeport schools entered that fiscal year with a balance of \$64,210.81. From taxes the board received \$17,341.68, while the Xenia schools receive in the neighborhood of \$60,000. In addition to this amount, the Illinois board received something known as Railroad taxes, amounting to \$6,008.51, delinquent taxes amounting to \$60,931.46 and telephone taxes amounting to \$39.30, making \$24,223.95, on which, in addition to the balance on hand, the schools there had to try and struggle along. These receipts do not include \$13,657.05 received from the state and tuition amounting to \$16,514.52. The biggest item of expenditure was \$98,778.52 representing the payroll of the superintendent, secretary, grade and special teachers and the next biggest was \$56,403.74 for salaries of principal, secretary and high school teachers. In addition the board paid a librarian, health officer, trustee officer, and dentist for services, expending \$183,565.06 for educational purposes and a total of \$220,386.19 which left a balance of \$123,890.77 from the total receipts of \$344,276.96.

This balance, compared with the small amount of money which the Xenia board has to distribute over an ever-increasing area, looks like the national debt to Xenia board members.

REMODELED PRESBYTERIAN CHURCH WILL BE RE-DEDICATED IN SPECIAL SERVICES SUNDAY

Elaborate repairs on the First Presbyterian Church at Market and King streets, completed this week, will permit the holding of the re-dedication services at the church, Sunday at two special meetings.

Dr. D. Johnson Fleming, former Xenian, will be the principal speaker of the day, appearing at the morning service only. Dr. Fleming is professor of Missions at Union Theological Seminary, New York City. He is the author of several books, among which is "Building With India," a text used in mission study by Xenia missionary societies.

The Rev. Mr. Fleming will speak on "The Lord God of Our Fathers" taking his text from Ezra 7:27. Dr. W. R. McChesney, of Cedarville College, will be the principal speaker at the evening service. The program at this service will include greetings from the following, the Rev. C. P. Proudfoot, President of the Ministerial Association; Dr. Austin Patterson, representing the community and Dr. J. King Gibson, State Clerk of the Dayton Presbytery, representing that body. The evening service will begin at seven o'clock.

The repairs and renovation of the church were the result of the annual congregational meeting, in April, 1923. Dr. Reed Madden was chairman of the building committee and Miss Madge Cooley, secretary and treasurer. An architect was secured to inspect the building and after his report the building committee decided that the church was in such condition

that no make-shift or temporary repairs would save the building, and to put it in first-class condition both interior and the exterior would have to be repaired.

In addition to a new roof and necessary repairs to walls and spouting, new doors have been installed, the vestibule redecorated and fitted with new terrazzo floor, the Sunday School room re-painted, new lighting facilities installed and new hardwood floors placed in the upstairs rooms. The auditorium has been completely renovated and redecorated and in addition new doors of Gothic type, and new windows present a pleasing appearance with their surroundings, which include new columns at the front.

The total cost of the remodeling was \$12,500. In an interesting booklet, which will be distributed to members at the Sunday services, the following account of the history of the church is given:

"The year in which Webster completed the Canadian boundary treaty which settled once and forever the controversies between two great nations; less powerful but significant a group of earnest believers gathered in Xenia, to institute the Presbyterian Church, a church organized under difficulties but destined to be one of the leading factors in the Christian advancement of the community around Xenia. The petition for a church dated September 27, 1841 was signed by: Ezra Bennett, James Brown and wife, James Bratton, Adam Russell, Adam Russell Jr., Thomas Townsley, Elmina McCurn, Nancy McConnell, Elizabeth Nind, Rebecca Strane, Jane King, Amanda McConnell, Nancy Nesbit, Amanda Allison, Elizabeth Williams, Cassandra Williams, David Medsker, Elenor Medsker, Albert Wiley, John McClung, M. A. Crawford, E. S. Nichols, Frances Harris and family; William Saunders, James Stevenson and Aaron Harlin. Ezra Bennett was elected elder and Rev. Noah Bishop was the first minister.

"The membership began with 14 and over the years 1916 have claimed the Presbyterian Church as their own. Twenty pastors have averaged four years each of service. From the personal Bible of Dr. C. M. Galloway, following notation is taken: November 6, 1841, Church organized by James and Galloway. Rev. Noah Bishop the first preacher—\$50.00 granted by Presbytery for expenses—stayed six months. In 1847 the lot now occupied was purchased. Called Rev. E. E. Swift as pastor July, 1847. Church dedicated, May 1848. Rev. Swift left in 1850. Rev. H. Taylor ordained 1851, and remained until 1853. Rev. Wilson called 1855, died 1858. Rev. Findley called 1859, in 1863 building of new church began. Membership increased 236 during his pastorate. J. H. Montgomery called in 1869, remained two years. W. W. Ralston next called and stayed three years. Membership of church 783, by examination 11 men have entered the ministry from this church. No financial contribution will be asked at the services Sunday.

Rev. G. W. Beeton left Thursday night for Springfield, Ill., to hold revival services with the Zion Baptist Church of that city. Its congregation numbers 1200 members. The pastor, Rev. Roberts' and wife, visited in this city last fall as the guests of Mr. and Mrs. Andrew Burgess, East Second Street. Mrs. Burgess was a member of this congregation before coming to this city. Mr. Beeton was accompanied by Mr. Clifford Greene, violinist and Prof. Terry of Dayton, as pianist. He will be away for three weeks.

Miss Mary Pettiford, of East Market Street, is among the sick this week.

Mrs. Ida Shields of East Market Street, was a business visitor in Dayton, Friday.

Mrs. Maggie Maxwell, of East Main Street, was called to Cincinnati on account of the death of her brother-in-law, Mr. Lightfoot. Unity Court members O. O. C. are urged to meet Tuesday night, January 22 as there is business important.

Helen Street, of East Second Street, is among the sick and out of school this week.

Mr. Theodore Sandford continues very ill.

Mrs. Mattie Wilson, of Cleveland and Mrs. Emma Young of Spring-

field, have returned home after a pleasant visit with Mrs. Nettie Reed, of East Main Street. Mrs. Florence Nash, of Mt. Vernon, Ohio, was a business visitor here Thursday.

McClelland Neighborhood

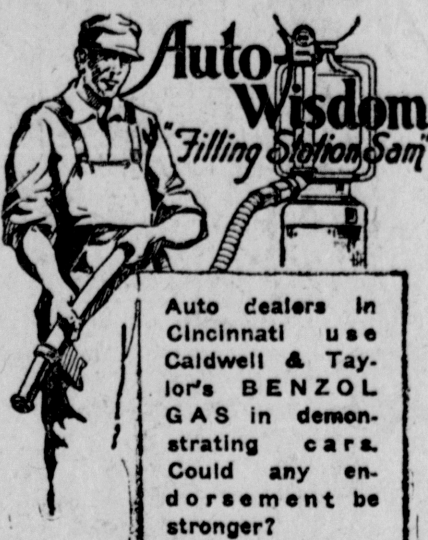

HOLD HUSKING BEE

Neighbors gathered at the home of Frank McClelland, Tuesday and enjoyed an old fashioned husking bee. They husked about ninety shocks, cribbed the corn and stored the fodder in the barn. At noon a bountiful dinner was served by the McClelland sisters.

ATTEND ALL-DAY MEETING

In spite of the inclemency of the weather, a good number of the McClelland W. C. T. U. were in attendance at the all-day meeting held at the home of Mrs. Clint Manor, Wednesday. Mrs. Earl McClelland and Rev. Moyer furnished two fine musical numbers. Rev. Furstenberger gave a very instructive talk on the World Court, this was followed by an interesting talk by Rev. Moyer on the Boy Scout movement. He has been connected with this work for several years and believe in it thoroughly as a practical method of giving the growing boy ideals. A fine lunch was enjoyed at the noon hour.

Mr. and Mrs. Ward Grant of the Lower Bellbrook pike, have issued invitations to friends for Monday evening Jan. 21, celebrating their twentieth wedding anniversary.

DAWES' BROADSIDES TO EXPERTS LEAVE ALL PARIS TO GASPING.

Brigadier General Charles G. Dawes, in accepting the presidency of the Experts' Committee on Reparations, broke his self-imposed and unaccustomed silence with a literally stunning effect. Paris is simply gasping as a result of his broadsides of hard, plain words, which have completely bowled over the oft-repeated thesis of Premier Poincare and the French government on the "capacity of Germany to pay."

In brief, his speech, which was delivered with the cold, calm directness of a corporation director seeking means to obtain dividends, and without the slightest interest either in "national aspirations" or the political aspects of the situation, is regarded as the most forceful and potent prescription that has been prepared for the ills of Europe since the Treaty of Versailles.

Brigadier General Charles G. Dawes' plan, as briefly outlined, consists of stabilization of German currency and balancing the German budget, and, he declared: "As the economic processes of Germany under a stable currency and with a balanced budget, are revived there will be demonstrated the capacity of Germany to pay."

Certainly a few weeks ago, when after the abandonment of "Hughes-Curzon plan," the "French plan" for an experts' commission was adopted by the United States, it was furthest from French thought that the chief American delegate would turn out to be such a hardshelled personality as Charles G. Dawes. And likewise it is certain that even when his name was first mentioned and it was planned to make him boss of the committee, the truth concerning him had not percolated.

It was confidently said that the latest and newest committee would run true to old-time form and that its chairman would at regular intervals summon a valet to hold his overcoat and adjourn the proceedings for tea. General Dawes, instead of being an affable figurehead, as hoped for in certain quarters, and instead of coming over to "see Paris," has let it be plainly understood that he has seen Paris before—during the war—and that he now has no time to waste and that there is work to be done, which can be done and must be done immediately.

Naturally the heaviest broadsides in his speech, which come almost at the end, have as yet passed almost unnoticed. But in his declarations that "as the economic process of Germany under a stable currency and with a balanced budget are revived there will be demonstrated the capacity of Germany to pay" and that basic and controlling facts will then first appear is seen a complete setting aside of all assumptions except that Germany is sick and cannot be ordered to work before she is well; that she now has not money, and, therefore, cannot pay until her finances are restored.

That his speech was meant for some other of the Allies than France appears to be the opinion in French official circles. A high functionary of the French Foreign Office remarked that what France had suffered from most and what Germany most profited from was lack of unity among the Allies, and that if General Dawes' coming to Europe accomplished nothing else than bringing about unity he would earn the everlasting gratitude of the French.

He said: "There is no use trying to stabilize the budget while the mark is worthless. The first thing we must do is to devise a system for stabilizing Germany's currency, so we can get water to run through the budget mill. Let us build the mill after we find a stream to turn its wheels."

PROPOSAL TO RECOGNIZE RUSSIA.

Among the other things that have come up in Congress lately is the proposition to recognize Russia. Senator Lodge made a vigorous speech opposing it. Senator Borah replied to it. It is proper to state that Senator Borah has not been an advocate of immediate and complete recognition of the Russian Government. What he advocates is that such an investigation as may determine whether such recognition is practicable and wise at the present moment be instituted. In his speech he stated his position so definitely that his explanation may well be printed in full. He said:

"We all desire apparently the same thing—settlement of the claims, adjustment of the debt and abatement of propaganda, as it exists. There is only one matter of controversy between us, as I understand it and that is whether the time has arrived when it is wise and proper that we should enter into negotiations with the Russian Government to see if these things can be accomplished."

"No one advocates the recognition of the Russian Government without the adjustment of these controverted questions. The question is, how are they to be adjusted? Has the time arrived when it is safe and when it is proper to enter into negotiations to achieve the end which we all desire to see achieved? Certainly we are not accomplishing it by the course which we are pursuing now. Six years have passed, and no debt has been recognized so far; no claims have been adjusted, and the contention is that propaganda is more rife at this time than it has been at any time. It therefore presents the question of whether we can deal with the situation as other nations have dealt with it, and dealt with it satisfactorily to accomplish their desired ends."

paper, and transfer the color to the scratches on the wall. In this way I can paint the marred wall the exact color it was before. In one room I had no left-over wall paper, but I overcame this difficulty by wetting a small portion of the wall paper behind the piano and using its color to paint the scratches in a more conspicuous place!"

M. H.: "Each year the housekeeper's jelly-glass lids become darkened and corroded from dampness. I clean mine by placing them in hot water to which I have added a large amount of baking soda; put this solution and the lids into a granite pan and let stand for several hours on the back of range."

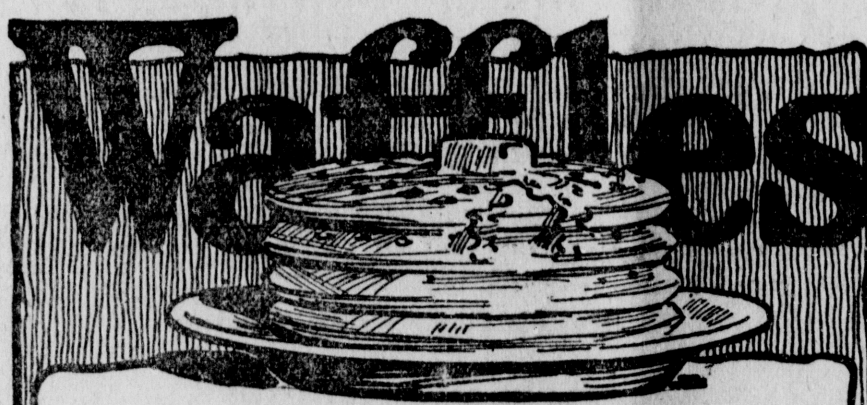

Old Housekeeper: "If any of your readers are troubled with spots on her wood kitchen floor, caused by spilling grease, this is how she can remove this ugly stain: After you have scraped the grease, let it cool, and scrape up as much of it as possible. Then pour a few drops of alcohol on the spot, wipe off, and again apply alcohol—but this time put on enough to cover the spot. Let this second application remain on a short time; once more wipe with a

clean cloth and you will find the spot gone."

Miss L.: "I think it is all foolishness to work over cutting up a Hubbard squash for cooking. I take the squash, place it in my own oven after breakfast, let it bake whole, and then, at dinnertime, cut it open with a common kitchen knife. It is nicely cooked and of course easy to cut after being baked. Scrape out the pulp, mash, season, add a little top-milk and serve."

Careful Housewife: "My varnished dining room table became marred with white spots caused by hot dishes. Someone told me to remove these spots in the following successful way: Dip a piece of flannel in spirits of camphor and rub the spot lightly; let a few moments elapse, then apply a good furniture polish with a clean cloth. I tried it and it worked. (Note: this Reader's hint answers the question sent me by another Reader concerning her walnut table.)"

Mother-Housekeeper: "When my kiddies mar my wall paper I do not scold them; I care for them more than for all the wall paper in my house, and I know that they try to be careful of it. But this is what I do: I repair these scratches by taking some extra paper which I had left over after the paperhangers had finished doing the walls, and wetting the surface of this extra paper. Then I quickly take a little brush, rub it in the color on the wet wall-

Today's Talks

READING

I have never known anyone who formed the habit of daily reading worthwhile things who ever made a failure out of life.

Next to talking with someone in whom you find congenial interest, is to read a book that inspires you in the same way. For after all, a book is only what the writer of it largely is.

What a man or woman puts to paper or into type is the expression of his or her best.

I do not know what I would do if I didn't see a book nearly every time I turned around. Even in the room where I sleep, I like to carry a book the last thing before I retire. I like to have such silent friends about.

Bishop Quayle once said that when he got a new book, he liked to put it into his pocket and pet it.

Reading stirs up the mind as pleasant and interesting talk with one who is alive with ideas and helpful thoughts.

To pick up some book in the early hours of the day and read just a few passages, puts stars into many a dark day, and to read something that is stimulating just before life

is locked up for the night, is to assure those stars as watchers while you sleep.

The great minds of the world tell us what they have left in written words what they really were as men and women.

And so we too may aspire toward greatness of thought and action.

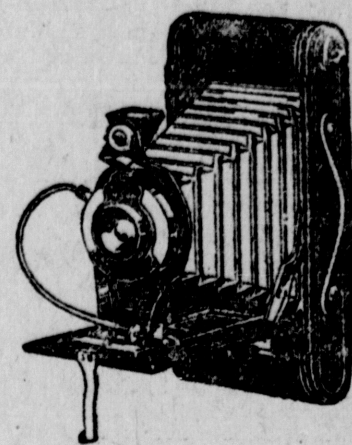

They say that Oliver Goldsmith was always in debt and that he was constantly beset by those to whom he owed money. I doubt whether he ever paid up, but this is certain in my own mind, that he made all mankind his debtor by the things he wrote. I want right now to walk through the streets of "Sweet Auburn loveliest village of the plain."

There is no greater or more worthwhile habit than that of reading.

THE LUCK OF AN UNWILLING ORATOR

I wish I would get sick and couldn't go.
I wish a fire would burn the school house down.
I wish we'd have at least ten feet of snow.
So people couldn't get around the town.
I wish I'd get a black eye in a fight—I got to speak a piece tomorrow night.
I wish I'd lose my pants or get 'em torn.
I hope Ma cannot find my shirt or hat.
And, having nothing decent to be worn.
She'll say: "I cannot let you go like that!"
But Ma will have my clothes held out, all right—I got to speak a piece tomorrow night.
Some fellows can get sick and stay away.

Sometimes the school house burns the night before.
Bill Green once broke his leg the very day.
He had to speak a piece, and Jimmy Moore.
Tore out his Sunday pants right where he sat.
But I don't ever have such luck as that.
Nothing I eat will make me sick to-day.
I couldn't get a black eye if I tried.
Ma's got my Sunday clothes all put away—I wish I knew a place where I could hide.
But I'll be there, dressed up and frightened white—I got to speak a piece tomorrow night.

GERMANY HOPELESS; FRANCE MILITARISTIC SAYS SPEAKER HERE

The critical condition of European affairs was presented in a striking way by the Rev. Miles Krumbine, of Dayton, in an address before the Xenia Business and Professional Women's Club at its regular meeting, Thursday evening at the K. of P. Hall. The Rev. Krumbine, during the last summer was one of a party of distinguished Americans who toured Europe studying conditions there, gave an intimate view of European conditions and European attitude that was intensely interesting.

He spoke especially of the situation in France, England and Germany where members of the American party were the guests of the most influential thinkers and politicians of each of the three countries, and were given first hand information on the present conditions in each country.

He spoke of the tragic moral breakdown that has followed the war in all of the European nations involved, and urged that the people of the United States be awake to the situation. He said it will be impossible for the people of America to keep entirely apart from the fearful things that may arise from the conditions there. Out of Europe came the flu and other devastating scourges and America must be aroused to the menace of Europe.

The Rev. Mr. Krumbine spoke of the changed attitude of the world toward France and of the fact that France has capitalized the sympathy of the world until there has been a reaction from the sympathy and admiration accorded France at the close of the war. He characterized France as the other present French leaders as enemies of France rather than as patriots. He said France has adopted all of the horrible militarism of Germany. He stated that it is the opinion of politicians everywhere that France does not want German reparations but wants the dismemberment of Germany. France is striving for the dominance of Europe which can only be achieved by keeping Germany subservient.

The Ruhr is the sword of Europe and whoever holds the hilt holds the key to Europe.

In speaking of Germany he said a visit to that country was like standing at the bedside of a dying man. He said it is a land that is hopeless, money and patriotism are gone, and leadership is gone. The people hate the French and hate each other worse. Germany is so lost, words cannot express it. It can never come back as a great nation unless there is a radical change in the French attitude. The speaker predicted that a complete breakdown is coming and Germany will turn to either anarchy or communism.

The speaker paid a wonderful tribute to MacDonald, who it is conceded will be the next premier of England. He lauded him as a man of honor, integrity and intelligence, the man of the hour for England. He spoke of the changing condition in England but spoke of it as a country of true democracy. He says an Englishman is a Britisher first a politician only as he sees it for the benefit of England. Under the coming regime England will have a Socialist government under the Labor party but it will be with the approval of the most intelligent and patriotic of the English people.

In speaking of a remedy for European conditions, Rev. Mr. Krumbine suggested that first an adequate investigation be made by a committee including Americans. He said it would be better for American to take a hand now when something may be done to relieve conditions rather than merely come along to mop up the blood that must be spilled if no solution is found. The address was the main feature of the regular program which followed a six o'clock dinner served by Mr. and Mrs. Kany. At every place were clever favors in the form of amusing and noise making devices and the meal was enlivened with the various club songs. About one hundred of the club members were present.

Following the address the Rev. Mr. Krumbine answered a number of questions asked by the club members.

CENSORED MOVIES MAY BE SHOWN NOW

Orders of the state board of film censorship barring motion pictures in which Mabel Normand and Edna Purviance appear have been suspended until February 3.

The ruling was announced by V. M. Riegel, state director of education and head of the film-censorship division in order to permit theater owners who contracted for pictures in 20-day faith months ago, to carry out their contracts and avoid a loss.

His order of January 9, barring new pictures in which these actresses appear from the state, will stand. The ruling will not affect Xenia theaters, as their bookings do not show any pictures in which either of the stars appear.

HEIR TO FORTUNE MESSENGER BOY

Boston, Jan. 18.—William H. Vanderbilt, 21-year-old heir to a fortune of \$20,000,000, is working as a messenger in the office of Lee Higginson Company, brokers. Vanderbilt says he gets no little satisfaction out of his modest salary but is not attempting to support his bride on it. The Vanderbilts at their Boston home, employ a butler and five other servants.

Vanderbilt is the son of the late Alfred Gwynne Vanderbilt, who was lost with the Lusitania. His marriage to Miss Emily O'Neill Davis last November was one of the social events of the year.

MAN IS CRUSHED TO DEATH THURSDAY ON DAYTON, PIKE

Dayton, Jan. 18.—Henry Schoenheer, 73, Barr Station, four miles east of Dayton, on the Dayton and Xenia pike, was killed Thursday afternoon when he was crushed between two automobiles, while assisting C. L. Coy, 70, Dayton, R. R. 8, to remove a tire from Coy's automobile.

L. W. Huffman, salesman for the Cooper Rubber Co., Dayton, was driving the automobile that struck Schoenheer. He said he saw the man working beside the machine, and fearing he would step in the patch of the moving automobile, applied his brakes. He said his car skidded, turned partially around, and crashed into the other automobile, catching Schoenheer between the two cars.

His abdomen was crushed, several ribs broken and his neck fractured. He was dead when taken from between the automobiles. Coy suffered a fractured leg and a scalp wound. Huffman was not held.

CAPTURES ALLEGED BANDITS ON PIKE

Dayton, Jan. 18.—Robert Rowlands, 27, alias James Walsh, and Frank Williams, 47, both of Springfield, were captured by Charles Reible, owner of a filling station on the Brandt pike, shortly after they are said to have held up his station and robbed it of \$42.

A boy had charge of the station when it was robbed by the two men at the point of automatic pistols. After they escaped in their automobile, Reible followed in a touring car. At a curve in the road they forced the touring car into a ditch, not knowing who occupied it. They stopped to see if the passengers were injured and were greeted by Reible with a gun.

Set yourself straight on these Bran facts!

If you eat bran it is because you seek relief from constipation and toxic poisoning!

To get the relief your physician will tell you that bran will give—you must be certain to get Kellogg's Bran, BECAUSE it is ALL BRAN! That is the kind your physician intends you to eat.

You only delay positive relief when you eat foods with a partial bran content, because they can only help you in proportion to the amount of bran they contain! You haven't time to waste on 25 per cent or 50 per cent relief when you know that Kellogg's Bran will give you 100 per cent relief BECAUSE IT IS ALL BRAN!

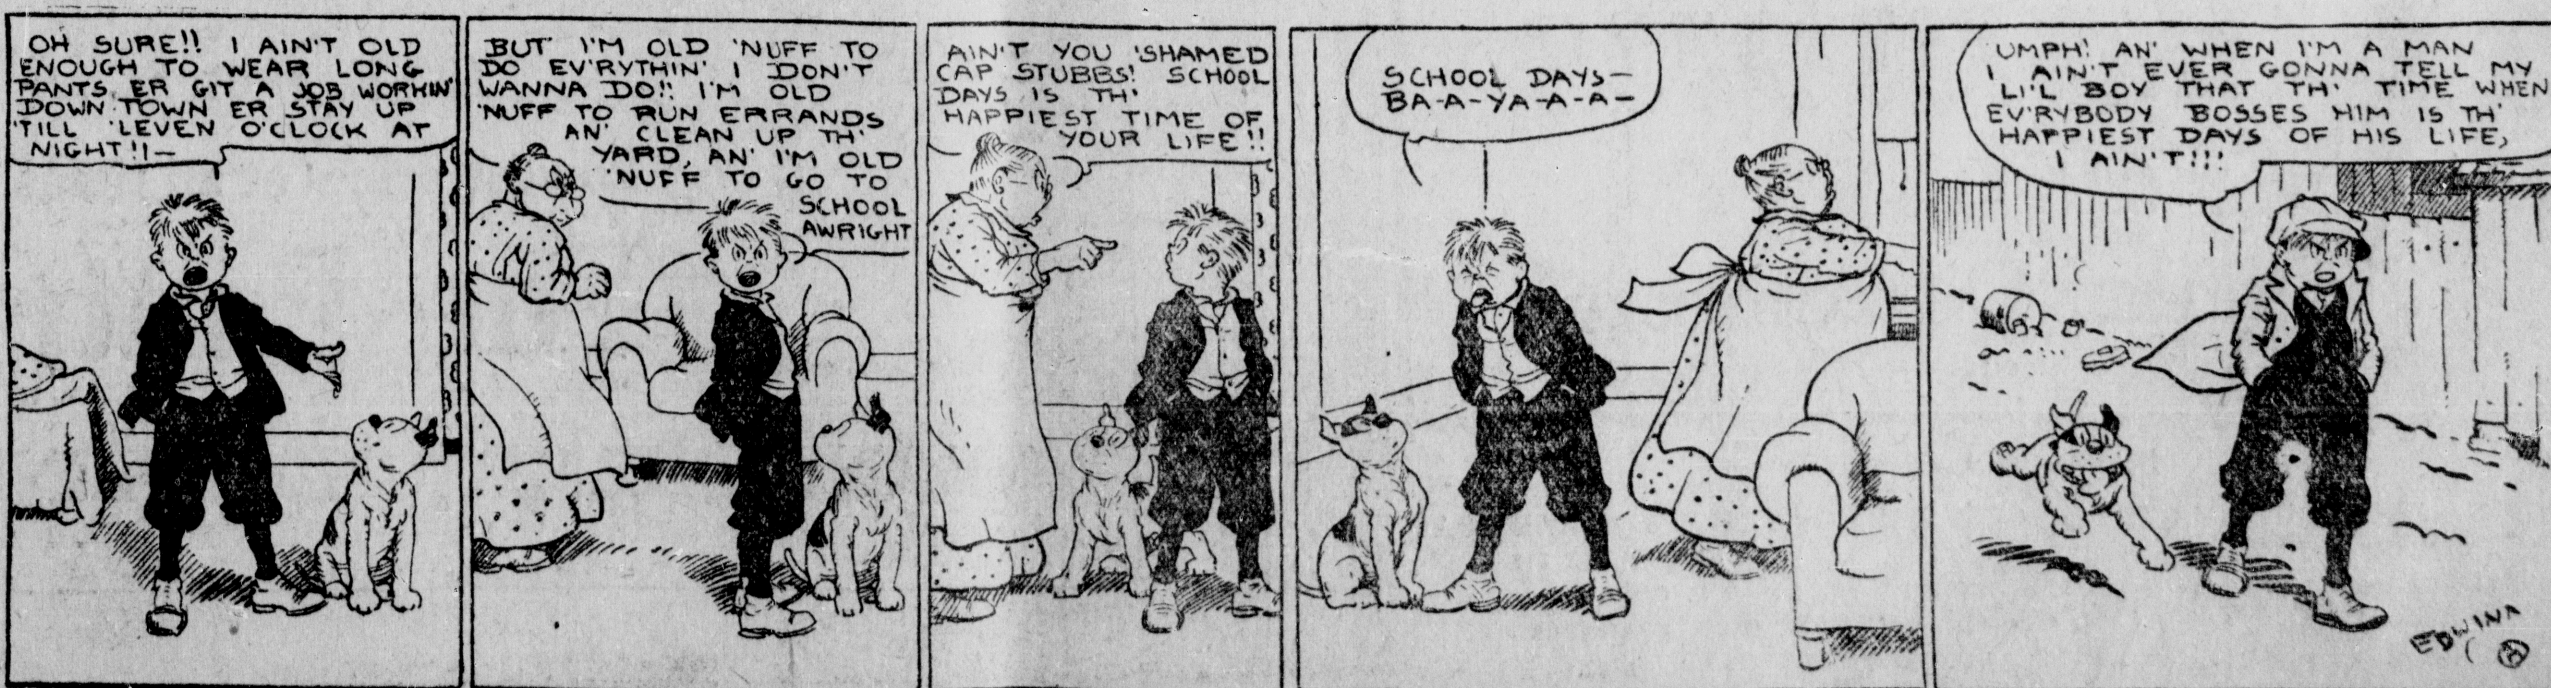

Every day's delay lets your condition become worse! Pills and cathartics can only aggravate distressing conditions. Part bran foods cannot permanently help you! They do not have the necessary bulk or roughage that makes ALL BRAN positive in its mechanical action! That is why Kellogg's Bran is a necessity!

Kellogg's Bran—because it is ALL BRAN—is GUARANTEED to give you permanent relief if you will eat two tablespoonfuls each day, or as much with each meal in chronic cases!

If you would realize how delicious Kellogg's Bran is—cooked, krumbled and ready to eat—and what it means to your health—you would not lose a minute starting to eat it! All grocers sell Kellogg's Bran in the Red and Green package.

DAVID S. DEVOE OF PAINTERSVILLE DIES SUDDENLY FRIDAY

After a severe spell of coughing, David Samuel Devoe, 80, well known Greene County resident, died at his home in Paintersville, Friday morning at seven o'clock. Mr. Devoe had been in his usual health until he was suddenly stricken, and his death came as a shock to relatives and friends. His death was the first in the immediate family.

Mr. Devoe was born in Marland, December 27, 1844, and moved to Greene County a number of years ago, and has since resided here. He lived on the Poague farm for 25 years and in the vicinity of Paintersville, the larger part of his life.

He was married January 26, 1875 to Eliza E. Shaner, who survives him, with ten children. Mrs. Anna Jones, Xenia; Mrs. Nora Baynard, near Xenia; Mrs. Laura Pickering, Paintersville; Mrs. Blanche Pixt, near Spring Valley; Miss Flora Devoe, at home; William C. Devoe, Xenia; Harry Devoe, near Xenia; Ralph Devoe, of the White Chapel neighborhood, and Miss Lena Devoe, and Kenneth Devoe, who are employed at the O. S. and S. O. Home, Xenia. Twenty-one grandchildren and two great-grandchildren also survive. Two brothers, John Devoe, of Lumberton, and D. C. Devoe, of Van Wert, and three sisters, Mrs. Mellie Heath, of Van Wert, Mrs. Laura Howland, Bellbrook and Mrs. Mary Wilson, of Xenia.

Mr. Devoe was a veteran of the Civil War, serving with Company H, 154 O. V. I., and was a member of the G. A. R. Post at Jamestown. Friends will meet at the late home Monday morning at ten o'clock, and funeral services will be held at the M. P. Church, at Paintersville, at 10:30 o'clock, with interment at Woodland Cemetery, this city.

MAHLON H. SMITH DIES ON THURSDAY

Mahlon H. Smith, 80, died Thursday night at 9:15 o'clock, at the home of his daughter, Mrs. George Funderburg, in Fairfield. Death was the result of the infirmities of age. Mr. Smith would have been 81 years of age this spring.

His wife preceded him in death 15 years. He is survived by eight children, five daughters and three sons; Mrs. George Helder, near Springfield; Mrs. Charles Frock, near Springfield; Ernest Smith, Springfield; Mrs. John Semler, Midway; Mrs. J. A. Wolf, Dayton; Mrs. George Funderburg, Fairfield; Charles Smith, East Chicago, Indiana. John D. Smith of near Xenia. One brother, and one sister reside in Adams County, Maryland.

Funeral services will be held Sunday afternoon, from the Funderburg home in Fairfield, with interment at the Fairfield Cemetery.

PHILLIPS SUCCEEDS CHILD

Rome, Jan. 18.—William Phillips, under secretary of state at Washington, will succeed Richard Washburn Child, as American ambassador to Italy, it was reported in diplomatic circles here today.

Ambassador Child plans to leave Rome Sunday.

Organization of Board Of Education Effected

With the appointment of working committees for the year by H. S. LeSourd, president, the Xenia City Board of Education swung into the grind of assuming the duties formerly taken care of by Business Manager John R. Beacham, resigned, at Thursday night's meeting.

At a long session of the board members, bills were investigated and approved for payment, tasks assigned the various new committees, the clerk was instructed to seek a state examination of the board's books, a financial report was given, and the board again considered the first-grade children problem.

Committees as announced by President LeSourd follow: Finance Committee—H. S. LeSourd, chairman, H. D. Smith and Louis P. Clark; Grounds, buildings and sanitation committee—Mr. Clark, chairman; L. A. Wagner, and Jacob Kany; Athletic Committee—Mr. Wagner, chairman, Mr. LeSourd and Mr. Smith; Janitors, curriculum and text books committee—Mr. Kany, chairman, Mr. Wagner and Mr. Clark; Superintendent and teachers committee—Mr. Smith, chairman, Mr. LeSourd and Mr. Kany.

The financial report submitted by Superintendent C. A. Waltz, follows: Tuition fund, \$10,765.24; contingent fund, \$4,848.92; building fund, \$12,229.28; teachers' retirement fund, \$717.27. About \$5,000 is in the interest and sinking fund, it was announced.

Superintendent Waltz, a clerk of the board, was instructed to ask the State Bureau of Public Accounting to send an examiner here to examine the board's books, in view of the change in clerks, before the new clerk is charged with the responsibility of the finances. It was explained that the books had not been examined for two years.

A resolution passed at the meeting to make an advance draw on the sum to be received from the February tax settlement, of \$11,000. The board took the action in view of the fact that the money from the February settlement will not be received for several weeks and that this amount is necessary for continued operation at once. Superintendent Waltz requested the building committee to inspect the new Central

High School building to determine if the present janitor service is adequate.

Board members decided to ask taxicab operators to bid for the work of carrying two crippled children to school daily, a service required by law. The board feels the regular fees charged by taxi men so far are exorbitant and hope for a better price for the service. There is also some question as to whether the board will continue the service, which is based on the assumption that the crippled child is unable to walk to school. Two children are now taking advantage of the service.

The problem of caring for an extra large enrollment of first grade children in the various schools, with straitened finances forbidding the hiring of more teachers, again presented itself. A communication from the Spring Hill Parent-Teacher Association, read at the meeting, asked the board to use a room available in that building as another first grade building, in view of the fact that pupils there are going half-day sessions because of the lack of teaching facilities.

In response to a query from the board, the Association agreed, in another communication, to donate \$25 toward the purchase of chairs with which to furnish the extra room. Several applications of teachers for the position of first grade teacher there and at the McKinley building, have been received.

The board again held the matter on the table until the February tax settlement is received and it can be determined how much money is available for that purpose. Money received in that settlement will have to run the schools until August.

MIDDLETOWN JOB IS STILL UNFILLED

Middletown, Ohio, January 18.—With the choice of a City Manager still unsettled, members of the City Commission Friday conferred with W. M. Cotton, City Manager of Ashtabula, O., who is being considered for the place. Cotton has told commissioners he

would not consider the appointment under \$7,500. City Manager Kenyon Riddle received \$5,000 per year and in view of the necessity for economy in 1924, commissioners are loath to increase the compensation.

L. A. Wardner, Acting City Manager, Dr. Harry Worcester, and William C. Morrison, City Engineer, Middletown, applicants for the position, also are being considered by the commission.

DRINKWATER DIVORCED

London, Jan. 18.—Mrs. John Drinkwater, wife of the famous playwright, obtained a divorce today, charging her husband with infidelity. There was no defense. Drinkwater's most famous play is "Abraham Lincoln."

A SUCCESSFUL INSTITUTION

The Buckeye State Building and Loan Is One of the Outstanding Institutions of Columbus.

Evidence of this is found not so much in our gradual steady growth to over \$25,500,000.00 in assets, but rather in the thousands of comfortable homes we have helped finance.

We also enjoy the appreciation of tens of thousands of families who have left their money here at interest.

We desire to be of still greater use to our Community. Hence we advertise from day to day and tell the public what we have to offer.

CENTRAL FIVE AND MORAINES PARK BATTLE

Central High School basketball team looked over the Moraine Park quintet Thursday night in anticipation of the game with that team at Central Gym Friday evening.

The boys were taken to Dayton in autos and watched Stivers High, Dayton city champs, defeat Coach Marquard's athletes 25 to 8, in a game that was said to be much better than the score indicated.

Stivers forged ahead late in the game, the first quarter ending 3 to 1 in its favor, and Xenia players convinced that the Moraine Park crew has an excellent defense that it will have to solve Friday night in order to register a victory.

Coach Burkner's tossers have been putting up a lively exhibition of the indoor pastime so far, and they are confident they can continue to keep in front of the scoring procession. The probable lineups:

Xenia Moraine Park
Schwab (c) LF DeMarse
Rutan RF Bosler
Zell C Gatter
Buell LG Gecraw
Fuller RG Johnson

Preliminary to the big game, Coach Black's Junior High five will play the new St. Bridget's quintet, the game starting at 7:30 o'clock. The St. Bridget's five is newly formed and will get its baptism of fire in this game. The big game will start immediately afterward.

ANTIOCH WINS BOTH BOYS AND GIRLS SET-TOS

Antioch College basketball teams made a clean sweep of the double-header with their old rivals, Cedarville College, at Kelly Gym, Yellow Springs, Thursday night, Antioch boys winning 28 to 25 and the girls winning 28 to 11.

Bratton starred for Antioch in the boys game contributing seven field goals to the total acquired by Coach Earl Prugh's tossers, while Merle Dawson and Burns Weston also played well.

Antioch showed improvement in team work, omitting some of the long shots that have marred previous contests this season. Taylor and Townsley played well for the Cedarville five.

NEW LAMP BURNS 94% AIR Beats Electric or Gas

A new oil lamp that gives an amazingly brilliant, soft, white light, even better than gas or electricity, has been tested by the U. S. Government and 35 leading universities and found to be superior to 10 ordinary oil lamps. It burns without odor, smoke or noise—no pumping up, is simple, clean, safe. Burns 94 per cent air and 6 per cent common kerosene (coal oil).

The inventor, E. A. Johnson, 609 W. Lake St., Chicago, Ill., is offering to send a lamp on 10 days' FREE trial, or even to give one FREE to the first user in each locality who will help him introduce it. Write him today for full particulars. Also ask him to explain how you can get the agency, and without experience or money make \$250 to \$500 per month.

CAPTAIN LESOURD BACK WITH TEAM SOON SAY DOCTORS

Followers of the Ohio Wesleyan basketball team and friends of Captain William LeSourd of the Methodist quintet, are rejoicing over the announcement of physicians that LeSourd, out of the game several weeks with an injured knee, will be able to resume play in two weeks.

LeSourd injured his left knee in early season practice and an examination while he was at his home here for the holidays, showed he had torn ligaments and cartilage. Physicians placed him on crutches and said he would be out of the game the rest of the season.

Physicians at Delaware, however, say the injured member has responded to treatment, so that he will probably be able to discard his crutches and re-join the team before the end of January. His loss has been a distinct blow to Wesleyan's chances and news of his early return to the game was the cause of joyful clamor. He is a son of Mr. and Mrs. H. S. LeSourd of this city.

NO CHANGES ARE NEEDED IN FOOTBALL

Football is nearly perfect! This fact may be summed from the report of E. K. Hall, chairman of the rules committee, that no important changes will be made in the rules for next fall.

Nothing in the experiences of the past season, according to Hall's report, has tended to alter the committee's opinion that no fundamental rules changes seemed to be required at this time. It is probably the first time in several years that radical changes in the rules have not been proposed.

The report finds that football has become an open, running game, free from unnecessary hazards, saving all that was best in the old game and eliminating the features that were justly criticised.

There seems to be no inherent hazard in the game now beyond those hazards which are inevitable in any sport in which there is speed and physical contact. Most of the injuries reported during the season, his report shows, occurred to members of teams of secondary schools, or players who had little training and supervision.

With the old mass play has gone 95 per cent of intentional infractions of the rules it is said. The officiating has improved and there are more players playing the game than ever before. Big teams are less concerned over defeat and are opening their schedules to smaller colleges.

GIANTS WANT DUSTER MAILS

New York, Jan. 18.—Another deal, to follow that whereby John Scott and Alex Gaston went to Toledo in exchange for Pitcher Joe Evershaw, may be made with Pitcher "Duster" of Oakland, the object, it was announced, at the headquarters of the Giants today.

Mails, who pitched for the Brooklyn Dodgers in 1917, and was the hero of the 1920 world's series, while a member of the Cleveland Indians, had a good season in the coast league and is due for a comeback to the majors, it was intimated.

INTEREST RIFE IN GREB BOUT WITH EX-CHAMP

By DAVIS J. WALSH
New York, Jan. 18.—A pound of flesh, made Shylock an immortal and tonight, at Madison Square Garden it may remake Johnny Wilson, middleweight champion of the world.

The title will hang by a gossamer thread throughout 15 rounds as Wilson, a legitimate middleweight and strict disciple of the stern taskmaster, training, takes another whirl at Harry Greb, champion of the division by the grace of agility and the dry-out process.

Greb is neither legitimate middleweight nor strict trainer and perhaps the ghost of a fighting Ketchell will look down on the scene with reminiscent smile. Ketchell is the only man within memory of mortal man to regain a middleweight championship, once lost.

Wilson is no Ketchell. As a matter of fact, he is quite an ordinary fighter and about as interesting as a bill of lading. Yet he is a merciless body puncher, a tough citizen in general and can make the 160 pounds limit at 2:00 o'clock this afternoon with honnorable boots on.

Greb will be shaved down to bedrock to reach that poundage. After a double workout yesterday he was within a single pound of the prescribed limit but Shylock himself could have been no more merciless than a set of scales. It is a moot question as to whether that single pound plus the others pared off by Greb in preliminary training, will not mean the difference between a championship and abdicating.

A number of critics are the candid belief that Greb is due to be divorced from his title but, at that, the odds remained today at six to five in favor of the Pittsburgh entry. It is probable that they will go to even money at the ringside.

With all of his lack of appeal, Wilson is a most dangerous challenger. To his legitimacy of weight and careful living he has added a touch of aggressiveness since the loss of the title to Greb last summer and is really a better man now than at any time during his career. We cannot say the same for Greb.

In the first place, it is the common belief that he cannot make 160 pounds and be strong. In the second, the undoubtedly has been dulled and his toughness lessened by the punching he has taken about the body in numerous bouts.

POSTPONE HEARING OF REPLEVIN CASE AGAINST PRESS CO.

Because of the illness of Attorney W. L. Miller hearing on a suit brought in Common Pleas Court by The Rotograph Printing Co., Dayton, to replevin a press now in possession of The Strawn Press Company, of this city, was indefinitely postponed Friday morning.

In the absence of Judge R. L. Gowdy, Judge R. C. Hornbeck, of London, came here to hear the action, which is based on an intervening petition filed by the plaintiff through Attorney C. L. Darlington, in the case of The Miami Cereal Company against The Strawn Press Company, in which Harry D. Smith, attorney, was appointed receiver for the defendant company.

The petition alleges fraudulent representations on the part of the Strawn Press Company in obtaining the press from The Rotograph Company and that replevin of the press is the only means of redress.

W. L. Miller represents The Strawn Press Company, and Mr. Miller and Marcus Shoup, represent the receiver. When the matter came up for hearing before Judge Hornbeck, Mr. Shoup asked for the continuance on the grounds that Mr. Miller prepared the pleadings and was familiar with the case and that he could not be present because of illness. Mr. Darlington told the court his clients felt delay would prolong danger to the press, which might be damaged at any time, as it is now in use.

When Judge Hornbeck suggested the hearing be set down for next Tuesday and another judge be summoned to occupy the bench, Mr. Darlington agreed to the continuance.

BRINGS SUIT ON ACCOUNT

The Norwood Sash and Door Manufacturing Company corporation under the laws of Ohio, has filed suit in Common Pleas Court against John Coleman, and The Home Building and Savings Co., to receive \$180 alleged due on a contract for material, on which a mechanics lien has been obtained on one acre owned by the defendant John Coleman, on which The Home Building and Savings Co., claims a lien. J. Kenneth Williamson is attorney for the plaintiff.

WIFE WANTS DIVORCE

Lena May Newton is plaintiff in an action for divorce from David Newton, filed in Common Pleas Court, charging extreme cruelty, gross neglect of duty and abandonment. She asks for custody of their one child, Rufus Howard. They were married January 3, 1922.

NOT ESCORTED TO PEN.

Columbus, O., Jan. 18.—Without police escort, Tony Schmidt, Hamilton, entered Ohio Penitentiary last night to begin a term of one to 20 years on a manslaughter charge. He had his own commitment papers, turning them over to Warden Thomas, who said Schmidt is the first prisoner to come alone to the institution on so serious an offense. Schmidt's auto killed Lucile Swearingen at Hamilton.

CABINET RESIGNS

London, Jan. 18.—The Egyptian cabinet has resigned, according to a Cairo dispatch to the Daily News.

FARM PROGRESS

MEMBERSHIP DRIVE NETS 400 IN FIRST 2 AND HALF WEEKS

The first two and one-half weeks of the second three-year membership campaign in the Greene County Farm Bureau, netted over 400 members, with a few solicitors yet to report, according to County Agent Ford S. Prince.

The campaign closed before Christmas for the holidays and was resumed the second week in January. In those districts which have not yet been canvassed and for what is known as clean up work.

While those in charge of the campaign were prepared for a lower membership in the Bureau, they felt that it together with the organizations it has fostered, had been of such benefit that sufficient farmers would sign so that the service which the Farm Bureau was rendering would not have to be curtailed.

"Although it is too early to predict what definite retrenchment steps will be taken, it is almost certain that some of the functions of the bureau will necessarily have to suffer and the services that have in the past been rendered will have to be cut down. This is, of course, contingent on the number of farmers who sign up in the future," Mr. Prince said.

OFFICERS TO MEET

Officers of the Greene County Farm Bureau and the Greene County Livestock Board, will meet together at the Farm Bureau office in the Federal building, Saturday afternoon at one o'clock.
